

Pathway to Peace

North Hill Elementary Pathway to Peace Definitions

Friendship is being kind and caring.

Honesty is always telling the truth to yourself and others.

Cooperation is working together to reach a goal.

Respect is treating everyone and everything the way you would like to be treated.

Responsibility is taking ownership for what you do.

Acceptance is welcoming all differences without judging.

Supply List

Rochester Community Schools must provide all necessary materials and supplies for curricular classes.

Parents who wish to supplement these materials and supplies for their student may consider purchasing the following:

- 2-3 spiral notebooks
- 1 pair scissors (5" pointed)
- 1 box crayons
- 1 box markers
- 1 box colored pencils
- 1 bottle Elmer's white glue
- 1 large Elmer's glue stick
- 12 pencils
- 1 large eraser
- 1 highlighter (any color)
- 1 pencil box
- 3 dry erase markers (any color)
- 6 two-pocket folders (any color/design)
- 1 ruler with inches and centimeters
- 1 hand-held pencil sharpener
- 1 package of sticky notes
- 1 box tissues
- 1 container bleach-free wipes

Ms. McElroy

This is my twenty-second year of teaching, and twenty of them have been at North Hill! I have taught 2nd, 3rd, 4th, and 5th grades, and one of my favorites is teaching 4th grade!

I received my B.A. degree from Michigan State University and my M.A. degree from Oakland University.

I am not married and I do not have children of my own, but I do enjoy spending time with my three nieces and three nephews. Most of them live in Michigan, so I am lucky to see them often!

My hobbies include working in my yard and playing tennis. I love to spend time outdoors riding my bike, going for walks, reading, or spending time with my family.

I am truly looking forward to a spectacular year at fourth grade together!

Peace Pledge

At North Hill we are all responsible for stopping bully behavior.

I promise to follow the Pathway to Peace, include others and remind everyone to be kind.

Fourth Grade

Dear Fourth Grader,

This year is going to be a fun-filled year full of exciting new ideas. We will be working very hard in many new areas.

In Science we will be exploring units titled: States of Matter, Organisms in Their Environment, Energy Transfer, and View from the Earth.

Social Studies will bring discussions about history, geography, government, and economy. Math will be exciting with learning multiplication & division, geometry, fractions, decimals, and number stories just to name a few of the interesting topics. In Language Arts we will be enjoying various novels, many different types of writing, and good old-fashioned reading for the joy of reading.

I am very excited to work with you to learn and grow together.

“Up, up and away! Our journey starts today!”

Ms. McElroy
