Special Education teaching positions

At Rochester Community Schools We Believe:

- It is vital to instill a sense of pride and excellence for all.
- All students can learn at high levels.
- It is our role to make a profound impact on students' lives.
- A positive mindset that embraces diversity creates a strong culture and climate.
- Accountability, communication, transparency, and trust throughout the system are vital components of a healthy organization.
- All members of the school community will experience an environment where they are safe, valued, and respected.
- Family, schools, business and community partnerships are integral for student success.
- All stakeholders are responsible for high achievement and continuous improvement.
