APPROVED VENDORS

The Board of Education shall select vendors of goods and services in accordance with all applicable Board policies, procedures and regulation, and consistent with all applicable laws. The Board shall not exclude from consideration any vendor of goods or services unless there is a lawful basis for doing so.

The Board may choose not to consider the bid of a vendor and may choose not to award a contract to a vendor upon notice and a finding that the vendor is unable to perform responsibly, or that the vendor (or an officer or owner of a 25% or greater share of the vendor) has demonstrated a lack of integrity that could jeopardize the District's interests if the District were to contract with the vendor.

The Board shall not consider the bid of a vendor and shall not contract with a vendor upon notice and a determination that the vendor is on the List of Parties Excluded from Federal Procurement or Non-Procurement Programs, with respect to the acquisition of goods or services paid for in whole or in part with federal funds.
