

Before Enrolling in Online Course - Student Self-Assessment

Rochester Community Schools - Student Self-Assessment for Online Courses

The opportunity to take an online course is open to eligible students in grades 5 through 12. To be successful in an online class, students first need to understand the differences in instruction between courses that integrate technology and traditional classroom learning. Secondly, students must be aware of their own preferences for learning and determine whether online instruction is suited to them. Each student is required to take a self-assessment to help determine if this instructional method is appropriate for his/her learning style. **Please complete this self-assessment, print it and attach it to your online course application. The application should be returned to the counseling office (main office at elementary) by April 3rd.**

Scoring

Assign points for each answer and total:

- 3 points for each "Always" answer
- 2 points for each "Most of the Time"
- 1 point for each "Some of the Time."

Answer:	Number of times answered:	Multiply by:	Total Points:
Always:		x 3 points	
Most of the Time:		x 2 points	
Some of the Time:		x 1 point	
Never:		x 0 points	
Add Total Points for Score:			

If you scored between:

- 60-75 points: An online learning course is a real possibility for you.
- 40-59 points: An online learning class may work for you, but you may need to make a few adjustments in your study habits to succeed.
- 39 or less: Online learning may not be the best type of course for you; talk with your counselor, teacher, or principal.
