

Welcome to the Viking Student Center!

We are very excited that you are joining us. We're here to help you raise your skills and be more successful in your academic classes. This is not solely a "homework completion" class. You will be instructed on various strategies and guided through various exercises in effort to strengthen your skill set as well as receiving support on your academic needs. Our goal is to help you understand where you are "stuck" in your learning and to help you become "unstuck". You will be responsible for completing the work; our job is to be a guide.

"Whether you think you can, or you think you can't--you're right."

— Henry Ford

We believe that you CAN be successful and we are here to help! You need a positive attitude and willingness to work and you WILL be successful.

Viking Student Center Class Expectations

1. You will follow the Viking POWER expectations and the student code of conduct.
2. You will arrive at the VSC prepared for your day and ready to work.
3. This is a learning and working environment. We expect you to treat it as such. We do use the reminder system in this room. That means that we give you a warning for disruptive behaviors, but if you continue to be disruptive or refuse to work you will have to fill out a behavior reflection form and get it signed by a parent.
4. You will track your grades weekly via MyRCS. Be accurate when filling out the sheet. This will help you to make a plan to catch up if you have missing assignments.

We are here to help you before school, after school or at lunch on most days. **If you want to come in at lunch please stop by before lunch to get a Viking student center lunch pass.

Student grades for the Viking student center are satisfactory (s) or unsatisfactory (u). Students earn a satisfactory grade by following the VSC class expectations listed above.

Citizenship and effort grades are given based on our school and class Viking POWER expectations.

The more you let us help you, the more we can!

****Parents: Please check myRCS with your students several times per week. It is much easier to catch up when you only have one or two missing assignments.**
