

# RECOMMENDED WEST MIDDLE SCHOOL SUPPLY LIST

Each year students eagerly choose school supplies. Rochester Community Schools provide all necessary materials and supplies for curricular classes. Parents who wish to supplement the basic materials supplied by the school may consider purchasing the following items:

- Binders
- Calculator - TI 34 Multiview
- 12 inch ruler with both metric and standard inches on it
- Scissors
- Pencils/pens
- Highlighter
- Loose leaf paper
- Spiral notebooks
- Crayons, markers or colored pencils
- Pencil pouch
- Duotang folders with pockets

Individual teachers may also have items specific for their class.

Planners will be handed out in homeroom during the first week of school. As parents, you can help your child keep track of daily work and reinforce good study habits, by checking that their planner comes home with assignments for each class filled in daily. A calendar at home to monitor activities and projects should be used to reinforce this organizational technique. Many parents find that the family refrigerator is a good place to keep such a calendar, that way everyone is reminded and can take part in helping the student to remember important dates!
