

Mission Statement for Facilities, Operations & Transportation

The Facilities, Operations & Transportation Departments will work diligently to support the District's core mission of lifelong learning. This will be done by making sure facility users have safe, clean and aesthetically pleasing environments. This includes instructional, recreational and community based programs. Furthermore, the Transportation Department will ensure riders are transported to and from their designated destinations with the utmost degree of safety in a timely and pleasant manner. As part of this process, employees will be encouraged to work towards self-improvement so everyone's efforts are courteous, efficient, timely, and employees have the highest job satisfaction possible. The departments will also to work towards being recognized as the premier operation within its peer group both locally and nationally.
