## The Traitor's Game

by Jennifer Nielsen – Hart's 2018 Authors in April author!

Recalled after three years of exile, 16-year-old Kestra Dallisor is kidnapped—yet again—by Corack rebels while en route. Blackmailed and released to the wary supervision of former servant Simon Hatch and erratic Trina, Kestra returns home with a mission: find a book, find a blade, and help overthrow the evil Lord Endrick, last of the Endrean magic users, leader of the Dominion and ruthless ruler of Antora. As motives shift and secrets emerge, all will have to decide what -- and who -- it is they're fighting for.

NOTE: This is a PTSA sponsored club. PTSA membership is required to participate.

Turn into office by
