Section 504 Notice of Procedural Safeguards

The following is a summary description of the rights provided by Section 504 of the Rehabilitation Act of 1973 to students with disabilities, or suspected disabilities, as well as certain rights you have under other laws. These include the Individuals with Disabilities Education Act (IDEA) and the Family Education Rights and Privacy Act (FERPA). The intent of the law is to keep you informed about decisions concerning your child, to have you be an active participant in the educational planning for your child, and to inform you of your rights in the event you disagree with any decisions concerning your child's rights under Section 504.

You have the right to:

1. Have the Rochester Community Schools advise you of your rights under federal law;
2. Receive notice with respect to: a) Section 504 identification, evaluation, and/or eligibility determinations of your child; b) your procedural safeguards; c) your opportunity to examine relevant records with regard to your child; and d) your right to an impartial due process hearing, including the right to participate, and be represented by legal counsel, but at your own expense, as well as to request a review of the decision of an impartial hearing officer.
3. Have evaluation, educational programming, and placement decisions made based upon a variety of information sources, and by a team of persons who are knowledgeable about the student, the evaluation data, and placement options;
4. Examine education records related to your child, including those concerning the decisions regarding your child's Section 504 identification, evaluation, educational program, and placement;
5. Obtain copies of educational records at a reasonable cost, unless the fee would effectively deny you access to the records;
6. Receive a response from the Rochester Community Schools to reasonable requests for explanations and interpretations of your child's records;
7. Request an amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child. If the Rochester Community Schools refuses this request for amendment, the School District will notify you within a reasonable time and advise you of your right to an impartial hearing;
8. Have your child receive a free appropriate public education, including related services, if he/she is found to be a qualified student with a disability. The services will be without cost to you or your child, except for those fees that are imposed on non-disabled students or their parents or guardians.
9. Have your child take part in, and receive benefits from, the School District's education programs without discrimination because of his/her disabling condition(s);
10. Have your child be educated with non-disabled students to the maximum extent appropriate. This includes the right to have the Rochester Community Schools make reasonable accommodations to allow your child an equal opportunity to participate in school and school related activities;
11. Have your child educated in facilities and receive services comparable to those provided non-disabled students;
12. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if the student were placed in a program operated by the Rochester Community Schools;
13. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the Rochester Community Schools;
14. Request an impartial due process hearing regarding the Section 504 identification, evaluation, eligibility, placement or provision of a Free Appropriate Public Education ("FAPE") for your child.
15. File a complaint in accordance with the Rochester Community Schools' Section 504 grievance procedure.
