

Online Textbook Access for Reuther Middle School Students

Class Name	Textbook Name
Accelerated Math 7	Big Ideas Math ADVANCED 2
Algebra 1	Big Ideas Math ALGEBRA 1

Step 1: To access online math text book and resources, go to <https://clever.com/in/rochestercommunityschools>

Step 2: Click the “Login with Google” button and you will be directed to a google login

Step 3: Choose “Log in with Google” and enter your RCS google account username and password
(All student Google Apps accounts will begin with your student login ID followed by @rcs-k12.us (e.g. ajones4545@rcs-k12.us).).

Step 4: Click on the Big Ideas Learning App

Step 5: You will be able to view/access the online textbook and an array of other resources to support you throughout the school year as shown below.

Click here for the textbook

If multiple books appear, select the correct one

Resources: Advanced 2: BTS

Advanced 2: BTS

 Student Dynamic eBook	 Apps	 Basic Skills Handbook	 Game Closet	 Graphic Organizer: MS Word	 Graphic Organizer: PDF
 Interactive Tools	 Math Tool Paper	 Multi-Language Glossary	 Skills Review Handbook	 Real-Life STEM Videos	 Vocabulary Flash Cards
 Download eBooks	 State Specific Resources				

Features of the Student Dynamic eBook:

The Student Dynamic eBook provides students with embedded 21st-century learning resources. Students not only have access to the complete textbook, but they can also explore interactive, digital enhancements, including English and Spanish audio support, Dynamic Investigations, and Lesson Tutorials.

Once you have logged into Big Ideas Math, the Student Dynamic eBook is a yellow icon located under the resources tab.

When you double click the icon a new tab will open with the Student Dynamic eBook. If it does not load properly, please check your popup blocker and “allow to load unsafe scripts”. If multiple books appear, select the appropriate book.

Once the book is open students may access the following features:

- 1.) Any of the text can be read aloud to a student by placing your cursor on the text and clicking. 
- 2.) Examples that have the **Tutorial**  icon in front of them will guide students through a step by step tutorial video of the problem when the icon is clicked.
- 3.) Explorations that have the  icon in front of them will allow students to investigate and apply mathematical topics through interactive GeoGebra software.
- 4.) Examples and/or Examples that have the  icon allow students to use the free, online calculation and graphing capabilities of Desmos.
- 5.) Worked out solutions to odd numbered problems can be found by clicking on the  icon on the Exercises header.

Big Ideas Math App for Your Phone:

Big Ideas Math offers two cell phone apps for your iPhone or Android.

- 1.) Big Idea Math Videos – Tutorials for each Lesson
- 2.) Big Ideas Math Solutions – Worked out solutions to odd numbered problems

Make sure you choose the correct textbook in the app.
