

Score	Descriptive Criteria	Explanation
5	The learner demonstrates no evidence of mastery	<p>No evidence</p> <ul style="list-style-type: none"> ● No Understanding of Learning Objective ● No or Minimal effort
6	The learner demonstrates minimal ability to solve problems related to standard or requires aid in solving problems	<p>Work is mostly incorrect</p> <ul style="list-style-type: none"> ● Minimal Understanding ● Frequent Mistakes ● Needs Help & Hints
7	The learner demonstrates an "emerging" ability to solve problems related to the standard	<p>Work contains many errors, but reasoning is somewhat correct</p> <ul style="list-style-type: none"> ● Partial Understanding ● Several Errors
8	The learner demonstrates the ability to solve problems related to the standard with minimal errors in reasoning	<p>Work is mostly correct, but contains some minor reasoning errors</p> <ul style="list-style-type: none"> ● Almost Meets Learning Objective ● Minimal Errors
9	The learner demonstrates an outstanding ability to solve problems related to standard at a near-perfect level	<p>Work is correct and contains sound reasoning</p> <ul style="list-style-type: none"> ● Meets the Learning Objective ● <u>Trivial</u> Errors
10	The learner demonstrates deep fundamental understanding of the standard and ability to explain reasoning at the highest level	<p>Work and explanations go above and beyond what is expected</p> <ul style="list-style-type: none"> ● Meets the Learning Objective ● Error Free ● Apply Knowledge to New Scenarios ● Deep Understanding
