# EXAM FOR CREDIT PROCEDURES

The term “exam” in this document refers to the assessment tool(s) used to measure the student’s understanding of the subject area content expectations or guidelines that apply to the credit. The appropriate Rochester Community Schools staff will determine assessment tools.

## PURPOSE

The purpose of this document is to provide consistent, equitable guidelines for Rochester secondary schools to comply with the State mandates, rules and regulations, specifically with regard to the Testing Out legislation (P.A. 451 of 1976, Section 380.1279b and Revised School Code, Section 380.1278a)

The law states:

*The board of a school district shall grant high school credit in any course to a pupil enrolled in high school, but who is not enrolled in the course, who has exhibited a reasonable level of mastery of the subject matter of the course by attaining a grade of not less than C+ in a final exam in the course, or, if there is not a final exam, by exhibiting that mastery through the basic assessment used in the course which may consist of a portfolio, performance, paper, project or presentation. For the purpose of earning credit under this section, any high school pupil may take the final examination in any course. Credit earned under this section shall be based on a “pass” grade and shall not be included in a computation of grade point average for any purpose. Credit earned under this section may or may not be counted toward graduation, as the board of the school district may determine, but the board’s determination shall apply equally to all such credit for all pupils and credit earned under this section shall be counted toward fulfillment of a requirement for a subject area course and shall be counted toward fulfillment of a requirement as to course sequence. Once credit is earned under this section, a pupil may not receive credit thereafter for a course lower in course sequence concerning the same subject area.*  
(1993)

*380.1278(a) (4) (c). A school district or public school academy shall also grant a student a credit if the student earns a qualifying score, as determined by the department, on the assessments developed or selected for the subject area by the department or the student earns a qualifying score, as determined by the school district or public school academy, on 1 or more assessments developed or selected by the school district or public school academy that measure a student’s understanding of the subject area content expectations or guidelines that apply to the credit.*  
(2007)

# ELIGIBILITY

The exam for credit process applies equally to all students currently enrolled in Rochester Community Schools. Students scheduled to take a high school level course during the following semester and students currently enrolled in private or parochial schools who are registered to enter a Rochester Community Schools' high school or middle school qualify for Exam for Credit. Exam for Credit pertains to **high school courses only**. Students who meet the eligibility requirement will be permitted to test out of a class for credit during the designated test period.

**NOTE:** Students will be welcome to take an Exam for Credit in World Language at the end of their 8<sup>th</sup> grade year.

Some courses require group participation; these are therefore exempt from Exam for Credit.

# GUIDELINES

The following guidelines apply to the exam for credit procedures for students for the spring 2019 testing period.

1. State guidelines for Exam for Credit require a 77% or better passing score. Many courses have two exams, one for each semester. The combined average of the two tests must be a 77% to earn one full credit.
2. Students, who receive 77% or better on their assessment, will receive "T/O" (Test Out) along with the amount of credit they earned on their transcript. Only credit earned will be recorded on the transcript. Failed attempts will not be recorded.
3. Courses tested out of successfully will be accepted as fulfillment of a requirement in a course sequence.
4. Courses tested out of successfully will not count in the computation of the student's grade point average.
5. Courses tested out of successfully will satisfy the numerical credits necessary for the fulfillment of graduation requirements.
6. A student who earns credit through Exam for Credit may not enroll in that course or test out of a lower course in the course sequence.
7. Students will have the opportunity to test out of courses each year but cannot test more than once for any particular course.
8. With Curriculum Department approval, a student who has taken a course and failed may take an Exam for Credit in that course as a credit recovery option.
9. During the Spring Exam for Credit testing period, students may apply to take up to two full-year course exams.\*

10. The test area will be open at 8:30 a.m. The test will begin at 9:00 a.m. Each test will have a maximum time limit of 90 minutes per semester.
11. No cell phones will be allowed in the test area. All graphing calculators must be cleared prior to the start of the test.
12. Students are tested on their knowledge of the course/curriculum specific to accepted Rochester Community Schools expectations.
13. Once registered, students may access a list of Course Content Expectations and/or a syllabus for the course at <http://www.rochester.k12.mi.us>>Curriculum>Standardized Testing. **This information will be available on May 1, 2019.**
14. Results will be communicated by the week of final exams. Students should schedule an appointment with their counselor if a schedule change is needed.

*\*Exceptions may be made on a case-by-case basis and must be preapproved by the Asst. Superintendent of Secondary Education*
