AUTHORS

Authors in April PAL Program Donation

For over 35 years, Authors in April has promoted literacy in the greater Rochester community by bringing in renowned authors and illustrators to the public and parochial elementary and middle schools. **Unique to Rochester, this one-of-a-kind program inspires children to read and opens their worlds to a life-long love of reading.**

Throughout the year, students explore their author's books with the support of their media specialists and teachers in each school. Families have the opportunity to encourage their child's love of reading by purchasing Authors in April books at discounted prices. Not all families in our district have the financial means to purchase a book for their child's learning experience. **With your help, Authors in April is committed to providing a book to these families.**

Along with the commitment to our community, **Authors in April is excited to announce that we will once again be partnering with the Pontiac school district to bring the Authors in April program to many of their students.** We hope that by bringing a small part of Authors in April to them we will help foster the same love of reading and writing that we see in our own students.

We call this our PAL program – Promoting Area Literacy.

Students at Pontiac's Herrington Elementary with Authors in April books!

We are asking Delta Kelly families, along with other families in the district, to consider making a donation to give a book to the students in our district and to bring books and activities to the students at Herrington Elementary in Pontiac.

You can make a donation for a book(s) on the Authors in April order form. The requested donation amount per book is \$8.00, which will allow us to purchase the appropriate number of books needed for each grade level.

Thank you in advance for your support and generosity!
