SUMMER LIT CAMP

July 20-August 6
Classes run M-TH, 8:30-12:30

At McGregor Elementary
1101 W. First Street, Rochester

Welcome to Summer Lit Camp! We are excited to bring a summer learning experience where children will be engaged in literacy and math (with some play too!) Lit Camp is a breakthrough summer literacy and math program that combines innovative, research-based reading and writing lessons with an engaging and interactive summer camp approach. It integrates all the key ways children learn to read, write, speak and listen. Our program runs for three weeks. Children will register by the grade most recently completed and will be taught according to their capabilities.

Registration
