LOCAL PURCHASING

The Board of Education recognizes its position as a major purchaser of goods and services in the community served by the School District. It is the intention of the Board to purchase goods and services of the requisite quality at the lowest possible cost and to invite widespread competition in order to achieve this end. Where all other considerations are equal, however, the Board will exercise a preference for dealing with established local merchants and service providers from within the boundaries of the School District.

The Superintendent/designee is authorized to place purchase orders with local merchants and providers when their prices and terms are competitive with other vendors. Nothing in this policy shall be deemed to circumvent the requirements of law regarding public purchasing.
