Adams Alumni Plaza

Rochester Adams invites you to create a lasting memory to honor or recognize current and former students, athletes, or school organizations. You can do this by participating in the Alumni Plaza brick beautification project that will be located at the Athletic Entrance to Adams High School.

A dual purpose initiative, the project will beautify the athletic entrance and serve to raise funds for specific student programs. The project will be funded by your purchase of bricks inscribed with names, accomplishments, organizations, businesses, teams, or special memories.

Bricks can be purchased as pavers or part of a decorative seating wall that will border the plaza. A portion of your brick purchase (10%) will be designated to the club, sport, or activity of your choice. Act now to become a permanent part of the new Adams Alumni Plaza. Installation is slated to begin Summer of 2008.

For additional information, call the athletic office at 248-726-5208, or visit www.rochester.k12.mi.us/highlanders
